## SECTION 7 BRAND NEW!

*We Knew Mary Baker Eddy, Expanded edition, Volume I* \$34.99

This book weaves together a colorful tapestry of reminiscences by 22 individuals who interacted with Mary Baker Eddy—some for a few days, others for years. Readers will find in these pages a more intimate portrait of Mrs. Eddy than a typical biography could provide, including glimpses into her daily routines and relationships, a behind-the-scenes look at the Leader of Christian Science, and striking examples of the spiritual strength and personal sacrifice underpinning this remarkable woman's accomplishment.

Individuals familiar with the version of *We Knew Mary Baker Eddy* published in 1979 will find that more than 40% of this expanded edition is new material. Three of the reminiscences have been amplified, and there are four never-before-published reminiscences.

*Upbeats: Songs with Spirit* from The Newsong Group \$16.00

This disc features 14 songs (11 from the *Christian Science Hymnal*) with all new musical arrangements that range from jazz to jive and from Latin to ballad.
